```

Using a working set limited to 1050 pages and 56 pages of data storage (excluding image)

Total number object records read (both passes):   1158
     of which 548 were in libraries and 116 were DEBUG data records containing 8121 bytes

Number of modules extracted explicitly   = 1
     with 32 extracted to resolve undefined symbols

22 library searches were for symbols not in the library searched

A total of 0 global symbol table records was written
